

Jenna Murray

Branch Manager – Havant & Southampton

Meet Jenna, your Branch Manager for Havant & Southampton

About me

“Hello, I’m Jenna and I’m the Branch Manager for Havant & Southampton. I have overall responsibility for the service delivery in my area and for ensuring all of our customers are given the highest quality of care possible by my fantastic team of carers.”

My experience and expertise

Jenna was born in Portsmouth and has always lived locally, but has also worked in Hampshire and Surrey throughout her career. She has worked in domiciliary care for over 15 years, and the fact that this type of service allows people to stay in their own homes for as long as possible is something that really resonates with Jenna.

She started her career by working in the community as a carer and fully understands how tough yet rewarding the job can be. She says: “I have so much respect for my team of carers; they are dedicated, caring and great to work with.”

Jenna is very dedicated to her role as a branch manager and is currently working towards a Level 5 in Leadership & Management. She also has a Level 3 qualification in Health & Social Care.

Why I chose Helping Hands

“I decided to join Helping Hands because I like the ethos of the company; the values reflect the way I work and my expectations of my team.

“I enjoy absolutely everything about my job and I love what I do. I like being able to make a difference - no matter how big or small - to my carers and customers.”
